• The advantage of stone plastic floor

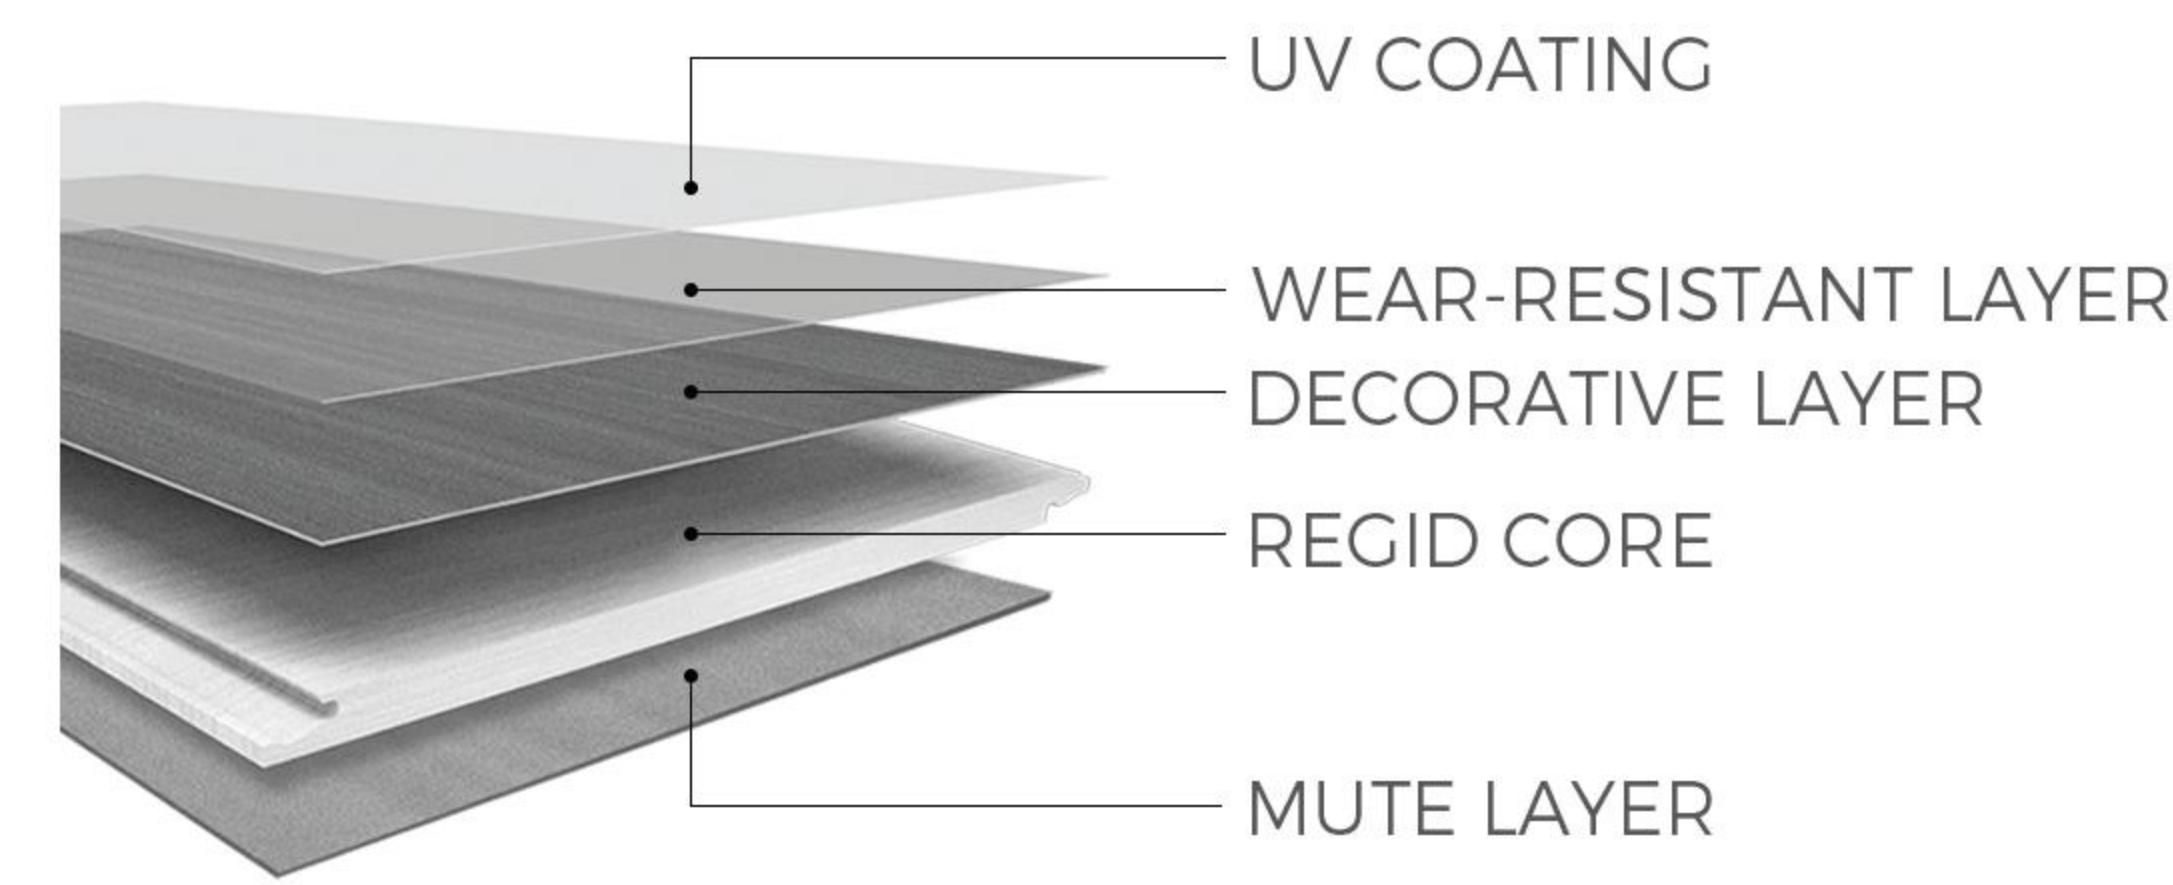

SPC flooring environmental performance is much better than laminate flooring in maldehyde emission. SPC flooring provides superior water & erosion resistance. let you install especially in high moisture areas including bathrooms, kitchens, basement and laundry rooms. It is ideal choices for house decoration. It is fire retardant and with high heat re-sistance compared with solid wood or laminate flooring.

Unilin Click Installation

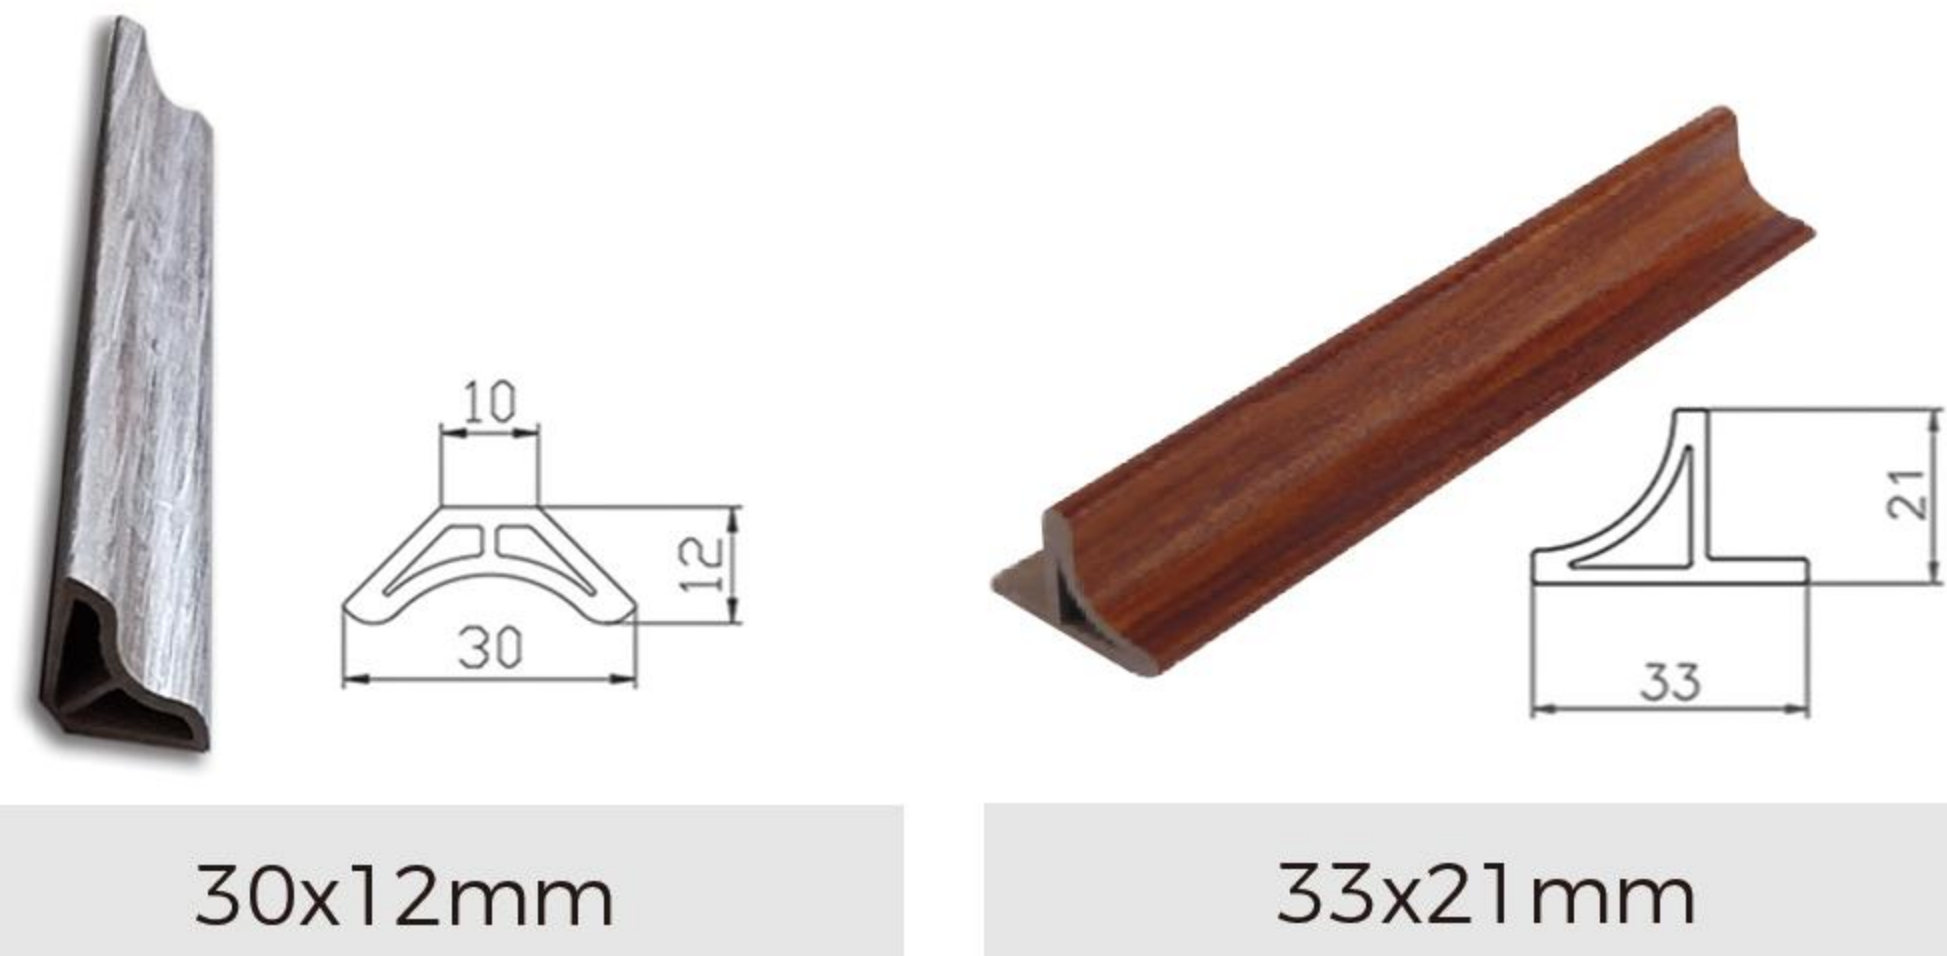

Adopting UNILIN locking system, SPC Flooring installation is easier and faster, flooring planks lay together without glue. Tight & even interlock technology avoids crash of edges and water leakage, protects for a lifetime of beauty. 4-side beveled edges are available to enhance three-dimensional feel and increase its realistic texture.
